2020

WHAT'S YOUR VISION?

We all want to push past 2020 in hopes of better things. Before you put 2020 in your rearview mirror, check these heifers out and see what we have to offer.

focus!
on your needs and goals.

Our goal is to provide our customers with heifers that are long and deep bodied and have the capacity to produce year after year. Sound structure, with good feet and legs will allow them to perform in any terrain. We work hard to eliminate problems you don't need - like disposition. These heifers are available for sale private treaty on a first come basis.
