**DON'T LET FINDING YOUR REPLACEMENT FEMALES TURN INTO A....**

# Disaster

We are offering 375 range-ready females bred to fit the needs of today's cattleman. Besides being stout, maternal and performance-minded replacements, these heifers have been ultrasounded in order to pinpoint their calving dates and, in most cases, identify the sex of their calves. Take this opportunity to shorten your calving season and eliminate the guesswork of the resulting calf crop. All breeding information will be provided for you. These top-quality performance heifers are source-verified, coming from proven programs, and will give you the genetic advantage to raise market-topping calves.

**Weight Range: 900 - 1,100 lbs**  
**AI Dates: May 23 - 27**  
**Pasture Bred: May 28 - July 5**

**Ultrasounded**

**Health Program:**  
 One Shot, Cattlemaster  
 Seven Way, Dectomax,  
 Preg Guard Gold, Bangs Vaccinated
